

NOTHING BUT CREAMY BLISS

Cheesecakes sometimes feel too heavy. We've remedied that problem by creating a gelato version of your favorite classic with real pieces of raspberry cheesecake and sweet raspberry vinaigrette that will make you question everything.

Who said desserts needed to be served on plates?

NOTHING BUT ISLAND VIBES

We import whole vanilla beans from Papau New Guinea, because we believe in using the best ingredients from the most authentic sources. We blend them with the freshest milk., sugar, and cream to make a vanilla gelato that will make your mouth water. Sit back, relax, and cozy up, cause you're on island time now.
